Choose France is a registered trademark of the French government that promotes France's economic attractiveness internationally.

[www.choosefrance.fr](http://www.choosefrance.fr)

The French Tech Mission is a team of civil servants responsible for helping the ecosystem of French start-ups form and flourish, in France and abroad.

As part of the Directorate-General for Enterprise within the Ministry of Economy, Finance and Industrial and Digital Sovereignty, the Mission coordinates and oversees the French Tech ecosystem with its network of 16 Capitals and 99 Communities, in France and abroad. It also supports start-ups by making it easier for them to interact with the administration via a network of more than 60 French Tech contacts.

The French Tech Mission supports the most mature start-ups through the French Tech Next40/120 program, as well as start-ups operating in sectors identified as

strategic as part of the France 2030 plan with the French Tech 2030 program.

Finally, through the French Tech Tremplin program, the French Tech Mission enables people without an entrepreneurial background to create their own start-up anywhere in France.

To know more about this initiative:

Welcome to La French Tech desk:  
[www.welcometofrance.com/en/welcome-to-la-french-tech](http://www.welcometofrance.com/en/welcome-to-la-french-tech)

Business France has a clear mission: to boost French entrepreneurial audacity in France and throughout the world. Thanks to our network of more than 1,400 employees in France and worldwide, we support French export businesses step by step, providing advice, crucial information on the markets and access to reliable partners.

We also promote France to foreign investors, making it easier for them to establish themselves.

At the same time, we promote the VIE international internship program, a unique experience for young talent abroad.

Alongside CCI France and Bpifrance, we form Team France Export, supporting France's different regions and their entrepreneurial fabric as they succeed in international markets. Together, let's raise the flag of French business throughout the world!
